

Confirmation of Motor Vehicle Block Exemption Regulation
(corresponds to No's 19 and 20 of regulation dated May 28, 2010)

Our products are complying with the requirements of Motor Vehicle Block Exemption Regulation No's 19 and 20, in particular for the repair and maintenance of motor vehicles.

FTE Original parts match the quality of the parts used in the vehicles and have been produced according to specifications and production standard of the car manufacturer; the FTE parts match the quality according to No. 20 of the regulation.

<This confirmation replaces confirmation according to KFZ-GVO 1400/2002, which became invalid May 31, 2010.>
